1 ASSUMPTIONS

What I decided for you — override anything here

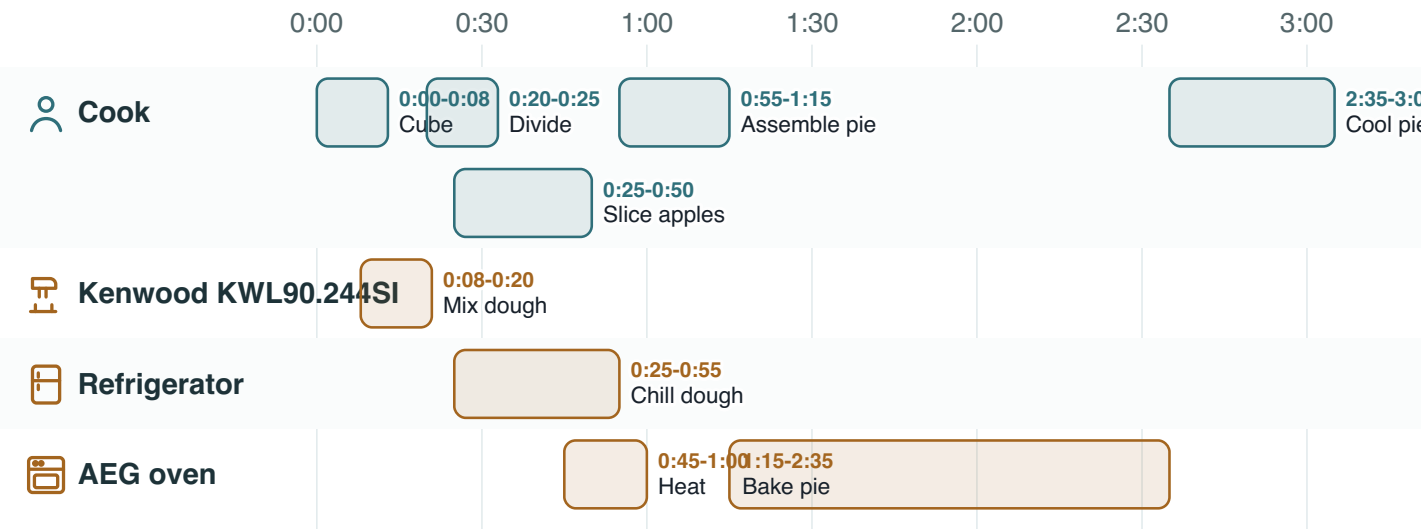

- 🕒 **One round pie**
Assumes a 20-22 cm pie dish. For slab pie, use the two-tray card instead.
- 📺 **AEG has dial functions**
BE3002420M has no numbered programs. Select Conventional Cooking, the two-bar symbol.
- 🍏 **Firm tart apples**
Soft sweet apples collapse faster. Reduce sugar to 80 g if apples are very sweet.
- 👤 **One cook**
The timeline has one person lane; fridge and oven work unattended.
- 🕒 **Manual apple-pie bake**
Manual table supports shelf 1, 180 C, 70-90 min. Use a darker cue than time alone.
