

Apple Pie for Two Oven Trays

Two-tray apple slab pie for your AEG Competence oven. Dough is mixed in your Kenwood Titanium Chef Patissier XL KWL90.244SI with the main mixing bowl and mixing insert, then both trays bake on fan/convection.

🍴 20-24 pieces, from two standard oven trays

🕒 2 hr 10 min

🔥 Medium

1 ASSUMPTIONS

What I decided for you — override anything here

📖 Interpreted "two plates for my stove" as two flat oven trays/sheets.

👤 One cook is assumed.

📖 Oven trays are roughly 30 x 40 cm each; if smaller, keep extra dough/filling aside or make the pie slightly thicker.

🛒 AEG Competence exact model and program numbers are unconfirmed; use the fan/convection symbol for two-level baking.

🕒 TIMELINE

🔄 CHECKPOINTS — ALL TRUE BEFORE MOVING ON

🔄 Oven-ready assembly · After dough is chilled and apple filling is mixed

Both trays are rolled, filled, covered, vented, egg-washed, and the AEG oven has reached 180 C fan/convection.

🔄 Halfway bake check · About 22 min into baking

If the upper tray browns faster, swap tray positions and rotate each tray front to back.

Competence built-in electric oven

both apple pie trays at the same time on two shelf levels.

Program ID not confirmed. Use Fan/Convection, 180 C, two

Two oven trays/sheets lined with baking paper

Wood Titanium Chef Pâtissier XL KWL90.244SI

utter into flour and bring the shortcrust dough together quickly
it warming it by hand.

min. Fallback: Top/bottom heat, 190 C, one tray at a time.

Low speed for dry mix, then speed 1-2 only until dough clumps.

Main bowl plus K-beater/paddle

🍷 INGREDIENTS

🍷	plain wheat flour	900 g	For shortcrust dough
🍷	cold unsalted butter	450 g	Cut into 1-2 cm cubes
🍷	white sugar	180 g	For dough
🍷	baking powder	16 g	About 4 tsp
🍷	fine salt	8 g	About 1 1/2 tsp
🍷	eggs	4	For dough
🍷	sour cream or thick yogurt	200 g	Add just enough for dough to come together
🍷	apples	2.4 kg	Firm baking apples; weight before peeling/coring
🍷	brown or white sugar	160 g	For filling; adjust to apple sweetness
🍷	lemon juice	30 ml	Prevents browning and balances sweetness
🍷	ground cinnamon	12 g	About 4 tsp
🍷	potato starch or corn starch	50 g	Binds apple juices
🍷	breadcrumbs or semolina	80 g	Sprinkle under filling to absorb juice
🍷	egg	1	Beat for egg wash
🍷	coarse sugar	30 g	Optional topping

1

Prepare trays and cold ingredients

 Cook

○ Worktop

↓ Two oven trays, baking paper, rolling pin

△ No heat

⌚ 10 min

↶ 2 oven trays, baking paper, cold butter, dry dough ingredients

Line two oven trays with baking paper. Cube the cold butter and keep it cold while weighing the flour, dough sugar, baking powder, and salt.

☑ Both trays are lined and all dough ingredients are measured.

2

Mix the shortcrust dough

Cook

11

Kenwood Titanium Chef Patissier XL KWL90.244SI

Main bowl plus K-beater/paddle

Low speed until butter is pea-sized

speed 1-2 after eggs and sour cream

10-12 min

Flour, butter, sugar, baking powder, salt, eggs, sour cream/yogurt

Mix dry ingredients. Add butter until sandy. Add eggs and sour cream/yogurt. Stop as soon as dough clumps.

Dough holds together when squeezed but still looks short and slightly crumbly.

3

Divide and chill dough

Cook

Refrigerator

↓ Wrap or covered container

Cold storage

⌚ 30 min minimum

↪ Dough, wrap or covered container

Divide dough into four portions: two slightly larger bottom pieces and two smaller top pieces. Flatten each into a rectangle, cover, and chill.

✔ Dough is firm enough to roll without smearing butter.

4

Prepare apple filling

 Cook Worktop Large bowl, knife or slicer No heat 25-30 min

 Apples, sugar, lemon juice, cinnamon, starch

Peel/core apples. Slice 3-5 mm. Toss with sugar, lemon juice, cinnamon, and starch.

 Apples are evenly coated and starting to release a little juice.

5

Preheat the AEG oven

 Cook

 AEG Competence built-in electric oven

 Two racks positioned in upper-middle and lower-middle levels

 Program ID not confirmed

 use Fan/Convection, 180 C. Fallback: Top/bottom heat, 190 C, one tray at a time.

 15-20 min preheat

 AEG oven, two rack levels

Preheat on fan/convection for two-level baking. If browning is uneven, use the fallback one-tray mode.

✓ Oven is fully preheated before trays go in.

oven

6

Assemble two trays

 Cook

○ Worktop

↓ Two lined oven trays, rolling pin

⬮ No heat

⌚ 20-25 min

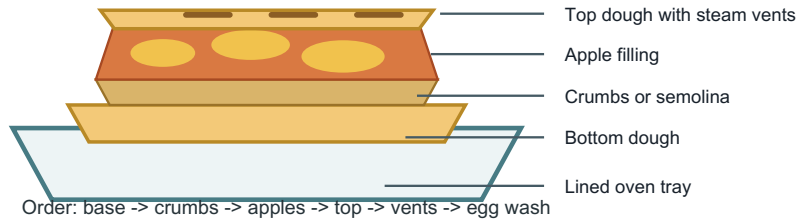

↶ Chilled dough, apple filling, breadcrumbs/semolina, egg wash

Roll bases into trays. Add crumbs, apples, top dough, vents, egg wash, and optional coarse sugar.

☑ Both pies are sealed, vented, and ready to bake.

Tray Cross-Section

Build both oven trays in this order.

7

Bake both trays

 Cook

 AEG Competence built-in electric oven

 Two oven trays on two rack levels

 Fan/Convection 180 C, 35-45 min. Swap upper/lower trays and rotate front/back after 22 min if browning differs.

 35-45 min

 Two assembled trays

Bake both trays. Swap upper/lower and rotate front/back after 22 min if browning differs.

✓ Pastry is golden underneath at the edges and filling bubbles visibly through vents.

8

Cool and slice

 Cook

 Cooling rack or heatproof counter

 Knife, spatula

 Room temperature

 30 min minimum

 Cooling space, knife, spatula

Cool before slicing. Cut each tray into 10-12 pieces.

 Pieces lift cleanly and the filling does not run.

Tray Cross-Section

Build both oven trays in this order.

Cross-section: bottom dough, crumbs/semolina, apple filling, top dough with steam vents.

 Use clean hands and boards after handling raw egg.

 Cool pies at room temperature, then refrigerate leftovers if keeping longer than the same day.

 Reheat slices until hot throughout if serving later.
