1 ASSUMPTIONS

What I decided for you — override anything here

 Two oven plates
Interprets plates as two flat oven trays. If they are round plates, use the single-pie card twice.

 Large shallow slabs
Assumes about 30 x 40 cm trays. Smaller trays need less filling or thicker baking.

 One cook
The person works alone; mixer, fridge, and oven run as parallel lanes.

 AEG has dial functions
BE3002420M has no numbered programs. Select True Fan Cooking for two levels.

 Fan conversion used
Manual says reduce 20-40 C versus Conventional. Use 160 C; raise to 170 C if pale.

 Firm tart apples
Soft apples collapse. Add 10 g starch if they release much juice.

🍴 24 pieces

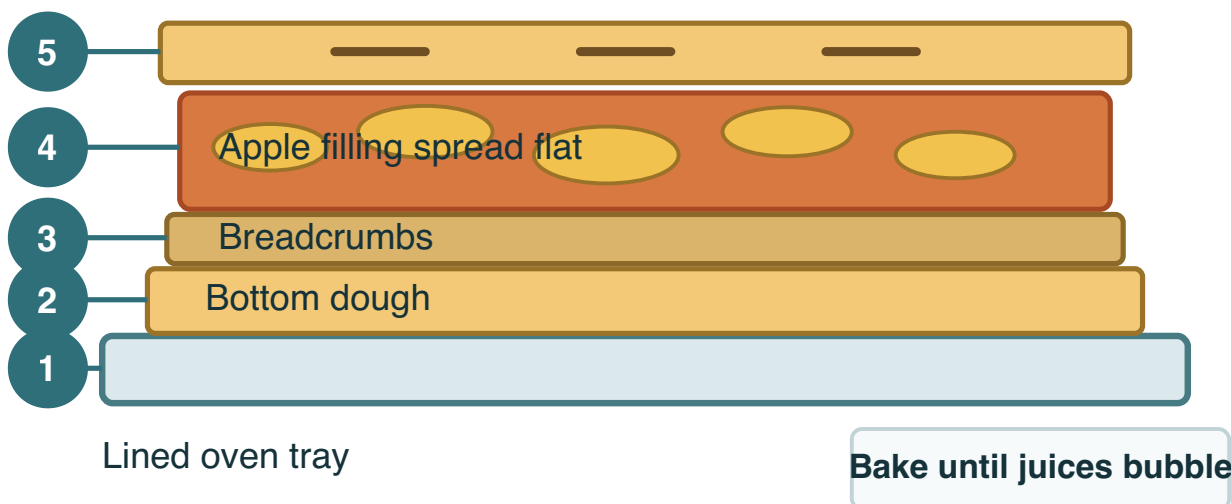

Cool until filling sets, then cut each tray into twelve pieces.

👉 Pieces lift without flooding.

Two-Tray Slab Pie Layers

Repeat this order on both lined oven trays.

Top dough with steam vents

Build both trays in the same order before baking.

⚠ Wash hands and brush after raw egg.

⚠ Cool before boxing to avoid soggy crust.

⚠ Refrigerate leftovers after same-day serving.
