What I decided for you — override anything here

 1 kg Kekava drumsticks, about 6-8 pieces
Package states 1.00 kg, Grade A, use by 20.08.2026. Cook today; do not carry over.

 AEG Competence has no numbered programs
Rotary-dial oven. Set left dial to True Fan Cooking symbol, not a program number.

 Use oven's built-in core sensor, not surface time
AEG oven has a core temperature sensor to 99 C; drumsticks are done at 75 C internal regardless of size mix.

 Plain salt, pepper, olive oil rub
No marinade specified. For more flavour add paprika/garlic; not included here to keep it simple.
