What I decided for you — override anything here

Large pot on AEG hob, no wok owned
User's own tip calls for a wok-sized vessel; inventory has no wok, so widest owned pot on the AEG induction hob is used instead.

Olive oil chosen over ghee
Recipe allows either; olive oil already cached and stocked. Swap 1:1 for ghee if preferred.

Salt and sugar set to 1.5 tsp each
Recipe gives a 1-2 tsp range 'to taste'; midpoint used as a starting point, adjust after tasting.
